Subject: Letter addressing project layout changes and implications for the *Detailed Heritage Assessment Report*
Project: Conestogo Wind Energy Centre

Rebecca,

Thank you for sending me the update and supporting materials regarding the most recent changes to the layout of the above mentioned project. The ministry has reviewed the letter and has no further comments. Since the changes do not require revisions to the existing recommendations regarding heritage resources that may or will be impacted by the proposed project, there is no need to issue a revised MTC written comments letter. The letter I sent on May 31, 2011, which included the recommendations from the Heritage Assessment Report and subsequent addendum, is sufficient.

Regards,
Paula
