Subject: RE: Summerhaven Layout Modifications Heritage Assessment - Revised Letter

Meaghan,

Thank you for providing us with the documentation regarding the most recent project refinements. Your letter from June 13, 2013 captures the various reports, appendices, and project refinements, along with the corresponding written comments and responses you have received from MTCS.

The ministry has reviewed the submitted documentation related to the most recent project refinements. These changes do not affect the recommendations of the May 2012 version of the report (Version 4), including Appendix C. As a result these changes do not affect the comments provided by the ministry in the letter dated June 19, 2012. Therefore, a new MTCS written comments letter is not required.

If further changes to the project layout take place, please continue to keep our office informed.

Regards,
Paula

Importance: High

Hi Paula,

Please find attached a revised letter outlining the proposed Summerhaven Layout Modifications.

We appreciate very much your feedback from our earlier correspondence and have adjusted the letter accordingly.

Best,
Meaghan
